

*Well file*

October 14, 1959

Mr. J. H. Kolb, Jr.  
Front Range Oil and Uranium Company  
332 Colorado National Bank Building  
Denver 2, Colorado

Gentlemen:

This is written with reference to your letter of Oct. 12, 1959 regarding the # 1 Roy Dean well in the NE/4 SW/4 of Section 4, T-7N, R-69W.

In order to relieve you of the responsibility of the plugging of this well, you are required to file a letter with this office from the landowner, stating he has assumed the responsibility of the well and relieves you of the obligation to plug.

Before the landowner can legally produce water from the well, he must secure a permit from the Ground Water Section of the State Engineer's office.

Very truly yours,  
OIL AND GAS CONSERVATION COMMISSION
