Attention: Mr. J. H. Kolb, Jr.

Dear Mr. Kolb:

In accordance with our 'phone conversation this afternoon concerning the Roy Dean #1 well, please find enclosed several blank copies of our OGCC Form-4 for your completion and return to this office.

We would appreciate your explaining the results of your tests for the perforated interval 2310'-2318', and any other tests which you might have run to indicate the preference of any water, oil or gas, and a detailed statement of the amount of casing left in the hole.

I suggest that you make the form out for the purpose of "releasing well to landowner for water well." As soon as this form is returned to you, approved by this office, there will be no need to renew your bond for subject well.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO
