Reminder: _____

Comment: Well was drilled in 1952. No record of production. Surface casing cut off 1 foot above ground level. Inspector tapped on solid material 18" down into the well casing. 150 bbl of injection water spilled near the well in 1987. Elementary school located 1070' from the well head.

The COGCC database indicates the well is still PR.

One foot of snow on the ground at time of inspection.

Corrective Action: _____

Date: _____
