Operator Comments:

Mallard is proceeding with developing sections 16 and 21 from the Goldeneye Center Pad and the Shoveler Pad, and is abandoning the Duclair and Goldeneye East locations with the associated wells in order to reconfigure our development plan, as determined after meeting with COGCC staff in late summer to best protect public health, safety, welfare, and the environment by minimizing surface disturbances.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
