Gentlemen:

Thank you for your letter of June 16th advising that you have no plugging record on the above mentioned well. We could not find a plugging record in our files here or in our field office files so we assume that no such report was filed. We are including with this letter a plugging record showing the details of the work done as taken from our well file.

Again thank you for bringing this matter to our attention and I hope that the enclosed will allow you to close your file on this well. Should you have any further questions, please do not hesitate to contact me.

Yours very truly,

KANSAS-NEBRASKA NATURAL GAS
COMPANY, INC.
