Operator Comments:

Reducing well count to 7 wells, changed all wells to the niobrara formation and shifted surface hole locations. We have modified the surface hole location and the casing plans. The cultural distances, lease line and distances from well in the nearest formation have also been updated. Verdad is the surface owner. This well was measured from the Safi 1224 06H

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
