13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

XTO energy would like to import ~1400 cubic yards of clean fill material from the United Gravel Pit, Section 36, Township 2N Range 97W and Section 1, Township 1N Range 97W, in Meeker, CO to backfill the excavation from remediation of the produced water release on this location.

Imported material will meet COGCC Table 910-1 standards.

Please contact Jessica Dooling at 970-675-4122 if additional information is needed.

14. I hereby certify that the foregoing is true and correct.
