 Complaint Document #200448550
 Nature of Complaint: Noise
 Field Inspector Actions:
 On 1-12-2020, I Randy Silver area field inspector was assigned a complaint received by COGCC staff in reference to noise. The complainant Helene Snyder 4617 Hope Circle Broomfield CO stated the issues were occurring outside of complainants home.
 On 1-15-2020, I attempted to make contact with the complainant who indicated that on 1-9-2020 she experienced a low frequency noise, unable to record noise and very irritating. Complainant's home is approximately 2800FT NW from the Livingston location.
 I performed a complete site inspection of the oil and gas location and associated wells in the area. At time of inspection, I did not observe any unusual noise in or around location. After reviewing Third party sound data it appears location complies with COGCC rules. Third party data will be attached to complaint inspection document.
 At time of inspection, I spoke with fracing supervisor he stated at time of complaint they were fracing and no unusual activity was taking place.
 Weather conditions: Clear
 See inspection document #693502068 per my inspection.
 No violation of COGCC rules were observed at the time of the inspection.
 All information reviewed and site inspection information were submitted to the COGCC for further review.
