Photo 1. Google Earth aerial imagery taken 9/7/2016. Well was re-plugged by another Operator (Kerr McGee) on 9/2/2016 to comply with current rules and regulations.

COGCC staff submitted a failing Final Reclamation inspection on 7/17/2019. Kerr McGee (Oxy) is building a new location (Location ID 470396) on top of this old re-plugged location; therefore, this will be a well release on an active location. See Photo 2 for more details of the new location (Location ID 470396).
