General Comment:

On 1/22/2020 Catherine Roy conducted a reclamation and stormwater inspection in coordination with Reclamation Supervisor Denise Arthur.

The following corrective actions identified during the November 12, 2019 reclamation inspection are not addressed. Corrective action dates are back-dated to the November 12, 2019 inspection date, to document duration of non-compliance.

-Revegetation of areas not needed for production operations needs to be conducted. Stormwater and erosion controls are needed until revegetation areas are stabilized with desirable perennial vegetation.

See below, and attached photos for additional detail.
