Re: Exeter & Chancellor #2 Buczkowskyj Well  
SW SW Sec. 23-12N-56W, Sleeper Field  
Weld County, Colorado

Gentlemen:

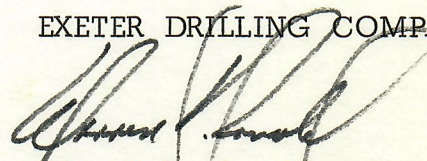

With regard to the above referenced, we wish to inform you that although Exeter Drilling Company and Chancellor Exploration as Operators, decided not to attempt completion on this well and had received plugging instructions from the Commission, that certain other of the partners chose to run casing and such was done with the plug being down on the long string at 5:30 P. M. 9/18/69. Operations from this point forward will be carried in the name of Art Skaer, Inc.

534-0121

Since we are not Operator from casing point forward we do not have the information relating to any of the details from that point forward. We are inquiring of you as to what our obligation is as far as filing further forms relating to this well. We would assume that Notice of Change of Operator would be adequate, but await your reply.

Very truly yours,

EXETER DRILLING COMPANY

  
Warren K. Arnold  
Petroleum Engineer

WKA: sk

9/24/69  
Carled Art Skaer  
will be responsible for completion report & logs.  
Will submit 4 to show new operator.

20.
