Gentlemen:

Re: El Capitan Oil Company  
Bond #67428-13-3097-52  
Bond of Oil & Gas Operator to  
State of Colorado

The company covered under the above captioned bond has been liquidated. We would like very much to get a release from you for the bonding company, United States Fidelity and Guaranty Company, so that their liability can be terminated under this continuous bond. Our insured has informed us that he had no operations in that state after Dec. 2, 1955 which was the anniversary date of the bond.

If we can be of any assistance, please let us hear from you.

Very truly yours,

Lee Durrell and Company
