General Comment:**COGCC Inspection Report Summary**

On Thursday 1/30/20 at approximately 13:00 hours, I, Inspector Corey De Paolo, conducted an on-site inspection at LARAMIE ENERGY LLC McDaniel /11-11 Pad, Location #334533 in Mesa County Colorado.

While there, I observed normal production operations.

During this inspection the following possible compliance issues were observed: Battery sign weathered and not legible. See photo #0499 with a corrective action date of 3/30/20. 1000 gallon methanol tank capacity inaccurate. See photo #0502 with a corrective action date of 3/30/20. Unused plungers and bumper spring at wellheads. See photo #0500 and #0501 with a corrective action date of 2/14/20.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
