**General Comment:**

[COGCC Inspection Report Summary](#)  
On Friday 1/24/20 at approximately 12:30 hours, I, Inspector Corey De Paolo, conducted a follow up inspection at CAERUS PICEANCE LLC WHITE-68S96W /14NENE, Location #334067 in Mesa County Colorado.  
Refer to document #699800215 inspection conducted on 12/17/19. Not all corrective actions have been completed. While there, I observed normal production operations.  
During this inspection the following possible compliance issues were observed: Multiple places with stained gravel inside tank containment. With a previous corrective action date of 1/17/20. Tank containment was covered in snow and ice with no indication of attempting to remove stained gravel see photo #0468. Operator submitted FIRR document #402293455 stating that the gravel would be removed by March 2020. Operator has not submitted documents requesting an extension of corrective action date.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.  
This is a summary of inspection report.
