Re: Bond 73 04 823 - JEANNE R. MASON - \$2,500.00 Conservation &
Commission Bond to State of Colorado.

Gentlemen:

On July 12th, 1961, you corresponded with us to the effect that Mr. Robert Hawkins stated that he intended to plugg the above captioned well on or around July. Since we have not heard anything further on this matter, I was wondering if you would inform me of the status of this particular lease so that we may be apprise of the current situation.

Very truly yours,

December 6, 1961

Dudley Holaday

Gentlemen:

Status of above well remains the same, therefore, bond cannot be released at this time..... Upon receipt of plugging data, we will notify you.

Oil and Gas Conservation Commission
