Good morning John,

Hope you had a nice weekend.

In my research on Foundation's western Colorado pits, I've caught something that has become a bit of a road block for us. There are about 16 pits in Garfield & Mesa Counties that are associated with wells that Foundation currently operates, however, the operator of said pits is still listed as National Fuel Corporation in the COGIS database. I first noticed this as I was attempting to draft a Form 27 to close pit ID 119432 (Pure 1). Because the COGCC records still list National Fuel as the operator of this pit, I was unable to create a Form 27 for it.

In addition to this location, I have put together a list of the other pits that show NFC as operator (even though Foundation actively operates the wells). See below:

Pit ID	Associated Facility Name
119432	Pure 1 (Coal Gulch Federal 4-24)
119474	Federal 22-9
119475	Federal 22-9
119453	Federal 1-9
119455	Government 1-8
119460	Federal 1-5
119458	Federal 2-3-8-104
119484	Government 14-2
119437	Hunter Canyon Fed 6

119440	Hunter Canyon Fed 6
119441	Hunter Canyon Fed 7
119443	Federal 9
119488	Federal 1-34
119489	Federal 1-34
119485	Federal 34-26
119486	Federal 42-26

Would you please let me know how it's possible to resolve this issue so we can keep moving forward and submitting the necessary paperwork to continue the closures?

Thank you,

Afton liams

Hello Afton,

Let me talk to my supervisor Alex Fischer and I will get back to you.

Thanks for bringing this to my attention.

Teri- Foundation Energy Management, LLC. (Operator # 10112) owns and operates the Location's of the below referenced Pit Facilities. They are in the process of closing these with a F27, however; the Pit Facilities are under National Fuels (Operator # 62340). How should Foundation go about getting the Pit Facilities under their operator number and not National Fuels.

Thanks
Alex

John- Please let Foundation know that the Pit Facilities are now under Foundation Energy Management (Operator # 10112). Also, PDF and attach this email chain to the 16 Pit Facilities listed below.

Good morning,

I wanted to give you a heads up that the pits that were under National Fuel are now under Foundation.
