Latitude: 40.125499 Longitude: -104.904086

FACILITY - API Number: 05-123-00 Facility ID: 457013

Facility Name: REESE Number: 22-21HZ
Qtrqr: SWN Sec: 21 Twp: 2N Range: 67W Meridian: 6
W
Latitude: 40.125499 Longitude: -104.904086

CORRECTIVE ACTIIONS:

1 CA# 136084

Corrective Action: Comply with Rule 1002.f. to install BMPs in accordance with good engineering practices at all oil and gas locations to control stormwater runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation.

Date: 02/19/2020

Response: CA COMPLETED Date of Completion: 02/01/2020

Operator Comment: Interim reclamation has been completed. Area has been composted, leveled, seeded, and stabilized with crimped straw. Please see attached pictures.

COGCC Decision: **Not Approved**

COGCC Representative:

Appears the Operator has only partially fulfilled compliance with Rule 1002.f. Operator has installed a BMP (crimped straw) throughout the interim reclamation areas to comply with Rule 1002.f. to minimize erosion and site degradation; however, there does not appear to be any BMPs installed at the well location to minimize transport of sediment offsite.

Per Rule 1002.f., oil and gas operators shall implement and maintain Best Management Practices (BMPs) at all oil and gas locations to control stormwater runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation. BMPs shall be maintained until the facility is abandoned and final reclamation is achieved pursuant to Rule 1004. Operators shall employ BMPs, as necessary to comply with this rule, at all oil and gas locations, including, but not limited to, well pads, soil stock piles, access roads, tank batteries, compressor stations, and pipeline rights of way. BMPs shall be selected based on site specific conditions, such as slope, vegetation cover, and proximity to water bodies, and may include maintaining in-place some or all of the BMPs installed during the construction phase of the facility. Where applicable based on site-specific conditions, operators shall implement BMPs in accordance with good engineering practices.

OPERATOR COMMENT AND SUBMITTAL

Comment: Interim reclamation has been completed. Area has been composted, leveled, seeded, and stabilized with crimped straw. Please see attached pictures.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
