COGCC Inspection Report Summary
 On Thursday 2/6/2020 at approximately 1615 hrs. I, Inspector Robbie Revas,
 Conducted an on-site inspection at a KP Kauffman location:

Nessu-2 at API #05-123-08811 in
 Weld County Colorado.

While there, I observed a SI wellsite. This is a follow up inspection per Doc. # 697600583
 During this inspection the following possible compliance issues were observed and are
 delinquent:
 605.d Housekeeping: Mechanical issue WH leaking crude oil CA date 11/14/2019.
 907.e Housekeeping: Oil spill at WH CA date 11/15/2019 see attached photos.
 I spoke with Hannah at the KP Kauffman office at 1620 hrs and told her about the leak and
 she forwarded me on to the KP Kauffman landman and i left a voice mail stating that the
 wellhead has a leak and stained the soil.
 Location is partially snow covered, weather is overcast and cold.
 A follow up on this site inspection needs to be conducted to ensure the
 Compliance issues have been corrected to comply with COGCC rules.
 Continuing education COGCC Inspection Report Summary.
 This is a summary of inspection report.
