Kreager, Sublett and Dowis
Suite 229 Foote Building
Sterling, Colorado

Attention: Mr. Ben D. Sublett

Gentlemen:

This is written with reference to the Miers Well Service well to be located in Lot 1, Section 6, Township 8N, Range 52 W.

You have indicated that the well is to be only 330 feet from the lease line or property line. Rule 317 of the Rules and Regulations states that a well to be drilled in excess of 2500 feet shall not be less than 600 feet from a lease line or property line. Since you have not indicated the extent of your lease, we cannot determine if this well conforms to the regulations.

Unless you have the off-setting acreage under lease, meaning Lot 2 and 3/2 Lot 1, or can obtain waivers in writing from these lease owners, your location will have to be moved to at least 600 feet from these lines.

We are returning your intention to drill along with some new forms so the intention may be refiled.

Very truly yours,
OIL AND GAS CONSERVATION COMMISSION

D.V. Rogers, Deputy Director
