General Comment:

COGCC Inspection Report Summary

On Tuesday 2/25/20 at approximately 9:30 AM, I, Inspector Scott Ramsey, conducted a routine inspection at Grizzly Miller 11, at Location # 334708 in Garfield Colorado.

While there, I observed normal production operations.

I spoke with Lee Simpson, Production Forman and told him that there was a glycol leak and he informed me that the roustabouts would be on location ASAP. Pumper showed up immediately and secured the leak and removed contaminated soil.

This is a summary of inspection report.
