**General Comment:**

On 2/28/2020, Reclamation Specialist Trujillo conducted an interim reclamation and stormwater inspection at CHEVRON USA INC's Union Pacific-62N102W 32NWNW location in Rio Blanco County, Colorado.

It was documented that only one active well exists on the Location. There is a second active well (The UP 98 X 32, 103-07652) associated with the Location #336551, however a distinct Location ID needs to be created for well 103-07652 as this well is ~1/3 mile SE from well 103-07652; this issue is being forwarded to OGLA.

Refer to the "Reclamation" section of this inspection report for additional details.

Comment Areas not reasonably needed for productions appear to have been reduced; Snow over the interim areas prevented reclamation specialist from conducting an accurate assessment of the reclamation areas.  
  
There is a second active well (The UP 98 X 32, 103-07652) that has been associated with Location ID #336551, however this well is distinct and a new Location ID needs to be created and associated wit this well; well is ~1/3 mile SE from well 103-07652. See attached photo
