**Photo 1:** Photo taken from the south end of the Location facing northwest. Photos 1-2 provide an overview of the Location from northwest to northeast. Surface equipment/signage observed on the Location and needs to be removed. Snow cover on the surface of the Location prevented reclamation specialist from conducting an accurate assessment of the reclamation/revegetation of the Location. A followup inspection will be conducted in the future growing seasons to determine compliance with Rule 1004.c.(2).
