Comment: **This location does not comply with Rule 1004. The access road point and culvert have not been removed. Refer to the attached inspection photos.**

**Crop growth does not appear reflective of reference area crop levels for the location. COGCC staff will have to make a future inspection during the next active growing season to evaluate vegetative compliance, including the well location access road.**

Corrective Action:	<b>Comply with Rule 1004 to remove the access road point and culvert. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.</b>  <b>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</b>	Date <b>02/25/2020</b>
