General Comment:**COGCC Inspection Report 689803762 Summary**

On Friday 3/5/2020 at approximately 13:00, I, Inspector Emily Waldron, conducted a field inspection at Sandridge Exploration and Production LLC Gregory 0780 S9 Pad, at 439603 in Jackson County Colorado.

While there, I observed a workover rig.

During this inspection the following possible compliance issues were observed:

Tracking occurring onto Colorado State Highway 14 from the location entrance. See photos 2-4. Install or repair required BMPs per Rule 1002.f.(2)C

I spoke with Aran Cook about the tracking and he informed me that the tracking pad was ready to be installed and would be in place by Monday 3/9.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
