General Comment:

This is an Abandoned Location Inspection, a Follow up to Insp Doc#680100448 Dated 1/23/16 for Five Wells, listed in Related Facilities, above. APDs were First Approved in 2007; Permits Abandoned in 2011 by Williams. Conductor for Well#045-13867 was P&A by WPX 12/19/14.

It does not appear that these AL Wells were drilled on Location with Nine Producing Wells; therefore these are Well Releases on an Active Location. CA from Previous Inspection has been Resolved as Flowlines were Abandoned 6/21/17.
