

## Site: Grant Brothers 31-26 and Grant Brothers 42-26

Legal: 2N 68W Sec. 26: NE4

Surface Owner name/contact: BCL Colorado

Landman: Bob Bresnahan

## Site Plan

The reclaim plan for the grassland/pasture is below:

1. Plug well
2. Remove all Crestone owned equipment from the site.
3. Cut, clean, and remove all flowlines per attached Map and COGCC rules, regulations, and guidelines.
4. Remove road base from the pad and the access road as indicated on attached map.
5. Deep rip 18 inches to un-compact the sub soil.
6. Import quality top soil to place of disturbed area 4-6 inches. Disc the topsoil in place.
7. Apply Biosol fertilizer at 1000 lbs/ acre.
8. Apply Mycorrhizhia at recommended rates.
9. Prepare seed bed for planting of seed ¼ to ½ inch deep.
10. Seed with Sharps Dry Land Pasture mix or similar.
11. Apply hydromulch or straw crimp at recommend rates.
