General Comment:[COGCC Inspection Report 689804003 Summary](#)

On Wednesday 4/15/2020 at approximately 10:05, I, Inspector Emily Waldron, conducted a field inspection at Wolverine Resources LLC Bighole-Moffat County 11-1 at 05-081-06253 in Moffat County Colorado.

While there, I observed a shut-in location.

During this inspection the following possible compliance issues were observed:

Well has been shut-in since July 2016. Well is overdue for Mechanical Integrity Test. MIT requires 10-day notification via Form 42. Well plugging requires an approved Form 6 Intent to Abandon to Plug Well. Produce well after performing successful mechanical integrity test per Rule 326 or plug well. To maintain shut-in status, the well must be able to demonstrate ability to produce without mechanical intervention. By 12/20/2019.
