Comment:

Operator is in-process of performing final reclamation activities. COGCC staff will conduct a follow up inspection at a future date to document compliance.

Note: Pursuant to Rule 1003.c., Operator shall cross-rip disturbance areas to a depth of 18" prior to spreading topsoil.

If conductor casing only, Operator shall document abandonment with Sundry, not a Form 6S, as there is no 'well' to plug.

COGCC Comments

Comment	User	Date
Operator communicated to COGCC staff, via email, on April 15, 2020 that all reclamation was completed and that paperwork would be submitted by the end of the week. Based on this inspection conducted on April 15, 2020, that information is false and not accurate.	binschusc	04/17/2020
