<p>COGCC Inspection Report Summary On Monday 4/27/2020 at approximately 14:30 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the KPK Monfort 2-30 location, facility #244436 in Weld County, Colorado. While there, I observed a missing NFPA placard on the crude oil tank, out of date DCP meter calibration card, inadequate berms around the crude oil tank and produced water vault. During this inspection the following possible compliance issues were observed: Rule 210.d. with a corrective action date of 6/30/2020, Rule 329 with a corrective action date of 6/30/2020, Rule 906.d.(1). with a corrective action date of 6/30/2020. A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of the inspection report.</p>	petersont	04/27/2020
