General Comment:**COGCC Inspection Report Summary**

On Monday 4/27/20 at approximately 9:30 AM, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus K29NE, at Location # 335423 in Garfield Colorado.

During this inspection the following possible compliance issues were observed:

- Staining under and around load out valve/side of tank

Refer to photograph of observed compliance issue.

I spoke with Scott Mueller, Lead, Caerus and told him about the staining, he was sending someone to access the situation.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
