Photo 1. View of the project area from the well pad entrance facing center.

Photo 2. View of the southern project area from the southeastern corner facing westward. Revegetation is progressing on the fill slope with shrubs such as rubber rabbitbrush, and grasses such as western wheatgrass, smooth brome, and Indian ricegrass.

Photo 3. View of the eastern project area from the northeastern corner facing southward.

Photo 4. View of reference area vegetation comprised of pinyon juniper woodland with understory of grasses and forbs such as Indian ricegrass, James galleta, and Navajo tea.
