Comment:

	<p>This location does not comply with Rule 1004. Operator has failed to perform final reclamation activities for the well location access road. Refer to the attached inspection photos.</p> <p>Operator has performed final reclamation activities for the well location with the evidence of desirable plant species. Location will remain in-process until it meets Rule 1004 standards.</p> <p>Operator should consider installing temporary fencing until the location meets Rule 1004 standards. Cattle was observed on the location which could negatively impact reclamation success.</p>	
Corrective Action:	<p>Comply with Rule 1004 regarding the access road. Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.</p> <p>Final reclamation activities shall be conducted no later than 11/16/2020 or as soon as environmental conditions will permit.</p>	Date 11/16/2020
