Aubrey,

My apologies for not getting back to you sooner. I spoke with Penny yesterday regarding this. Because these APD's were withdrawn and did not expire, new PSU letters are not required. Since there will be no major changes to the newly-submitted APD's, the PSU's still apply, so you can submit the same PSU's with the new APD submissions. (Penny, correct me if any of this information is inaccurate).

Thanks,  
Andrew Stone  
Engineering Technician

Penny/Andrew,

To follow up on a voicemail I have left with both of you. I have a question about the PSU letters on this particular pad.

Will we need to send new PSU letters since we are well over the 90 days from the initial mailing or can this just be done as a courtesy notice?  
We have already reevaluated to make sure no mineral owners have changed.

Please let me know how you would like us to proceed.

Thanks

Aubrey
