**General Comment:**

[COGCC Inspection Report Summary](#)

On Thursday 6/11/20 at approximately 11:00 AM, I, Inspector Scott Ramsey, conducted a routine inspection at TEP RMV 83-34, at Location # 334888 in Garfield Colorado.

While there, I observed normal production operations.

During this inspection the following possible compliance issues were observed:

- Secondary containment under transfer pump needs maintenance.
- Slope on east side of tanks is eroding and is in need of proper BMP's.

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
