**General Comment:**

On 6/11/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following was observed:

-Per 7/29/2019 FIR Resolution Form, operator communicated with electrical company (LPEA) regarding equipment on location, identified during previous reclamation inspection. Form indicates that LPEA described the equipment as being registered to a private landowner.

-Revegetation is approaching reclamation standards. Livestock exclusion is in place.
