Environmental

Spills/Releases:

Type of Spill: _____ Estimated Spill Volume: _____

Comment: COGCC Environmental Inspection of Remediation Project No. 12783. Any excavation performed on site has been backfilled; Form 27 Initial (doc # 401966061) reports that the excavation was backfilled when the irrigation ditch was expected to become active. According to the Form 27, additional work was to be conducted at the site in 2019 while the irrigation ditch was active to determine the extent of contamination, with additional excavation to occur fall of 2019. Operator has not provided a project update since the Initial Form 27 was submitted 3/8/2019.

Corrective Action: Submit a Supplemental Form 27 providing an update off all activity completed on site since the submittal of the Initial Form 27. Operator shall include any soil sample analytical data for samples not previously reported to the COGCC and provide a soil sample location diagram, a summary table of analytical results compared to table 910-1 standards, and lab reports. If additional work has not been completed at the site, Operator shall submit a Supplemental Form 27 with a timeline and workplan for completing remediation at the site. Date: 07/16/2020
