**General Comment:****COGCC Inspection Report Summary**

On Monday 6/22/20 at approximately 9:00 AM, I, Inspector Scott Ramsey, conducted an inspection on site in response of Complaints 18200448946, 18200448939, 18200448940 at TEP GM 13-1, at Location # 323935 in Garfield Colorado.

While there, I observed normal production operations. Production tank is open to atmosphere through pipe on top of tank, thief hatch is closed. No evidence of odor. Winds are calm.

During this inspection the following possible compliance issues were observed:

- Production tank is rusting out on top there is a hole on top
- Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
