Comment Complainant indicated Noble wanted to plug and abandon the well due to a leak. Complainant had concerns that plugging operations would negatively affect the adjacent areas, as these areas are being used to park horse trailers for weekly rodeo activities during the summer.

Later in the week of June 22th, Noble was able to repair to leak and agreed to wait on plugging the well at a later date.

At the time of this inspection, there were no reclamation issues observed. Refer to the attached inspection photos. Operator shall continue to monitor and manage this site in compliance with Rule 1003 standards, including stormwater and weed management.
