**General Comment:**

[COGCC Inspection Report 689804295 Summary](#)  
 On Thursday 06/04/2020 at approximately 12:20, I, Inspector Emily Waldron, conducted a field inspection at Wolverine Resources LLC Federal Land Park 33-15 at 05-081-07126 in Moffat County Colorado.  
 While there, I observed a shut-in location.  
 During this inspection the following possible compliance issues were observed:  
 Annual weeds on location. See photo 2. Comply with Rule 603.f by 7/16/2020.  
 4 unmarked risers. Flowline risers not LO/TO or marked are considered unused equipment. See photo 3. Comply with Rule 603.f by 9/2/2020.  
 Review of monthly operations records indicate operator is delinquent in submitting monthly operations reports. Last production reported June 2019. Well shut in at time of inspection. Submit required Form 7(s) to COGCC per rule 309 by 7/31/2020.  
 Hissing coming from wellhead. Securely fasten all valves, pipes, and fittings to ensure good mechanical condition, inspect at regular intervals and maintain in good mechanical condition per Rule 605.d by 7/3/2020.  
 No stormwater BMPs apparent. Sediment migration on and off access roads present field wide. Install or repair required BMPs per Rule 1002.f.(2)C by 7/31/2020.  
 I spoke with Shane Reeves at Wolverine on 6/4/2020 to discuss the hissing sound heard at this wellhead and other wells in the field. He assured me that he would follow up on the hissing sound(s).  
 A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report 689804295.
