**General Comment:**

This is a Final Reclamation Inspection of the ELTON #34-22 location.  
A variance request of select requirements of final reclamation was approved with COA's.  
The final reclamation requirements and the COA's of the approved variance have been completed.  
See attached photos and additional details within this report.

Comment: The access road and location remain per approved variance of select requirements of final reclamation. The access road and location are stabilized with vegetation and other BMP's are installed and maintained. A uniform vegetation cover has been established at the location and no noxious weeds were observed. There is no equipment or debris that remains. The location complies with the final reclamation requirements and COA's.
