<p>COGCC Inspection Report Summary                      **Weather Conditions: sunny, dry ground                      On Friday, July 10, 2020 at approximately 12:20, I, Inspector Brittani Santistevan, conducted an on-site inspection at RITEAWAY NW-32 PAD (PDC Energy), at location #: 322682 in WELD COUNTY Colorado.                      While there, I observed a producing facility and one temporarily abandoned wellhead. During this inspection the following possible compliance issues were observed:                      1. Disconnected/unused equipment inside wellhead fencing. Remove and comply with Rule 603.f. (Corrective Action Date: August 10, 2020) See attached photo #2.                      2. Weeds at three wellheads. Remove and comply with Rule 603.f. (Corrective Action Date: August 10, 2020) See attached photos #4, 6, 8.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	santistb	07/10/2020
