Operator
Comment:

COGCC Decision: Approved via an AMI

COGCC
Representative:

Approved via an AMI of this FIR resolution acknowledges the document and attachments were received. Operator has completed the corrective action.

Please note COGCC staff is in disagreement with the following Wetland Delineation Findings:

- 1) The wetland source is not agriculturally fed and the wetlands in question are likely not "artificially irrigated areas" based off the Stiff Diagram results from the Environmental Field Inspection Report Doc.# 689501054. In addition, the culvert shown in Photograph 3 is not accurate. The photo only shows the terminus; the inlet of the culvert is blocked and directs irrigation water to the south, avoiding the wetland.
- 2) Based on the Great Plains 2016 Regional Wetland Plant List, wetland plants were not properly identified as the correct wetland indicator status rating.
- 3) Sample #3 was taken in a ditch, which appears to be a questionable sample location.

2  CA# 139919

Corrective Action:

Per conversations on the phone and field, Operator shall submit a Reclamation Plan providing interim reclamation procedures performed (with dates), seed mix used, and a proposed weed management plan.

Date: 07/06/2020

Response: CA COMPLETED

Date of Completion: 07/02/2020

Operator
Comment:

Attached is the requested Interim Reclamation Plan. CA complete.

COGCC Decision: **Not Approved**

COGCC
Representative:

Operator did not provide all the required information- see the below list. Operator shall re-submit the Reclamation Plan via Form 4 Sundry Notice.

- 1) Interim reclamation procedures performed
- 2) seed mix

Note: If the Operator considers Prairie dog management, there are other options, other than rodenticide, that could potentially mitigate the harming of other species.

3  CA# 139920

Corrective Action:

Per conversations on the phone and field, Operator shall submit an engineered stamped Permanent Stormwater Plan, including how to manage any subsurface flows that backup onto location.

Date: 07/06/2020

Response: CA COMPLETED

Date of Completion: 07/06/2020

Operator
Comment:

Per the phone conversation COGCC inspector Chris Binchus had with PDC Representative Meredith Knauf on 07/06/2020, PDC has been granted an extension on the Stormwater Plan that has been requested. We are awaiting the final extension timeline date decision. A stormwater plan has not been attached but CA complete.

COGCC Decision: Approved via an AMI

COGCC
Representative:

COGCC staff is granting the extension with conditions of approval. See Form 4 Sundry Notice Doc.# 402436411.
