Operator Comments:

Noble is requesting approval of a temporary access road realignment to allow for unimpeded simultaneous operations traffic flow between construction and drilling.

The proposed change does not alter/change the public road access point. The realignment is shown in red on the access road map and is ~795' in length.

The anticipated construction start date is currently 8/1.

The temporary realignment will be utilized until the location enters interim reclamation.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
