**General Comment:**

On 7/16/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

- Control weeds by 7/31/2020. When corrective action is demonstrated to be addressed by the corrective action date, via FIRR Form with photos, or email with photos to reclamation inspector, then final reclamation can be passed.
- No indication that well was drilled. Well pad and access were constructed and reclaimed.

See below, and attached photos for additional detail.
