	Based on a review of the information provided, it appears that NO Pit was constructed, facility 115240 was closed in the database. No further action is necessary at this time and COGCC approves the closure request. Should conditions at the site indicate contaminant concentrations in soils exceeding COGCC standards, or, conflicting information is discovered to doc 40243683, further investigation and/or remediation activities may be required at the site.
	Review of available historic aerals do not indicate a pit was constructed at the Dwinell #3
	Inspection document #500143637 states ??No Pits?????No other inspections state that a pit was present.
