General Comment:

On August 5, 2020 COGCC Environmental Supervisor (Alex Fischer) and COGCC Reclamation Specialist (Chris Binschus) conducted a field inspection of Nobel Energy's Centralized Land treatment Facility, Facility ID 287848. Six (6) Noble Energy personnel were also present. See previous inspections Doc #s 690900114 and 697501850 for additional details and corrective actions. Weather was sunny temperatures about low to mid 80s degrees Fahrenheit.

Many of the CAs from previous inspections were addressed. Noble Energy will continue to work with the COGCC and Weld County with a change of use of the facility from a CE&P Facility to a storage yard for supplies and equipment.
