General Comment:**COGCC Inspection Report Summary**

On Monday 8/24/20 at approximately 0900, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus RJ1, at Location # 334685 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year.

During this inspection the following possible compliance issues were observed:

- T12 is leaking on separator
Spoke with pumper and he stated that he would get it taken care of by end of day.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
