1003 f. Weeds Noxious weeds? F

Comment

Operator has performed interim reclamation activities to reduce disturbance areas only needed for production operations. Operator shall continue to monitor and manage this site until the location meets Rule 1003 standards, including stormwater and weed management.

Unmanaged List B Colorado noxious weeds, Scotch thistle, was observed throughout the south, west, north and east interim areas. Scotch thistle has spread off the interim areas and onto the reference area. Most have already flowered and set seed but some viable seeds remain within the flowering head.

Corrective Action

Comply with Rule 1003.f. throughout the interim areas and areas where it has spread off location.
