General Comment:

On 9/1/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove unused equipment (trailers) and properly store off-site. If portions of the project area (such as areas where unused equipment is stored) are not needed for production operations, then interim reclamation is required. Corrective action date: 11/1/2020.

-2019 FIR Resolution Form documents operator's response to corrective actions identified during a 2019 reclamation inspection.

See below, and attached photos for additional detail.
