RE: **COGCC Rule 317.s. Stimulation Setback Consent**  
**Roth A31-730 Well**  
**Township 6 North, Range 64 West, 6<sup>th</sup> P.M.**  
**Section 30: NENE**  
**Weld County, Colorado**

Dear Tyler:

Noble Energy Inc. ("Noble") plans to drill the captioned horizontal wells described below (the "Proposed Wells") with wellbore laterals as depicted on the enclosed plats.

Our records indicate that PDC Energy, Inc. ("PDC") operates the following wells which are located within 200 feet of the horizontal lateral of Noble's Proposed Wells below:

<b>PDC Well Name</b>	<b>API No.</b>	<b>Distance</b>	<b>Proposed Wells</b>
Cervi 13-31H	05-123-34142	30'	Roth A31-730

Colorado Oil and Gas Conservation Commission ("COGCC") Rule 317.s. provides that no portion of a proposed wellbore's treated interval shall be located less than one hundred fifty (150) feet from any existing or permitted oil or gas wellbore, but this requirement may be waived in writing by the operator of the encroached upon well.

Noble respectfully requests that PDC waive this requirement and allow Noble to drill the Proposed Wells. Accordingly, by executing this letter, PDC waives COGCC Rule 317.s. and grants its consent to allow Noble to drill the Proposed Wells within the 150-foot minimum intra-well distance provided for in said rule.

If you have any questions or need any additional information, please call me at (303) 513-6210.

Very truly yours,  
**NOBLE ENERGY, INC.**

Enclosures

As operator of the above referenced well(s) lying within 150 feet of the treated interval portion of the Proposed Wells captioned above, PDC hereby consents to the location of Noble's Proposed Wells within the 150-foot minimum stimulation setback distance as specified in COGCC Rule 317.s.

Accepted and agreed to this 8th day of September, 2020.
